

Dear

I am representative of the Elizabethtown Area High School's student council. On February 17th, 2017, our council is hosting the annual PASC District 8 conference. This conference is a day-long event that over a thousand students from councils across the state will travel to in order to enhance their leadership skills. Throughout the day, these students rotate through multiple workshops that aim to help them "learn to lead", which is the theme of this year's conference. During a portion of the day, each student visits the vendor fair, an event in which our school plans to invite dozens of local businesses, colleges, and organizations. We ask that all groups participating set up a stand that contains information about what makes it so unique and beneficial to the community. The EAHS student council invites you to take part in this event, and we would also highly appreciate it if you could help sponsor our conference. Not only will your participation be hugely beneficial for each student council member, but for the advertisement of your business/organization as well. Please let us know via [2017district8conference@gmail.com](mailto:2017district8conference@gmail.com) if you will be able to join us on February 17th to make an enormous impact on thousands of students that will impact them for the rest of their lives. Thank you for taking the time to read this letter.

Sincerely,

Emma Lown and Kayla McEvoy

2017 District 8 Conference Co-Chairs
